Warsaw Health Innovation Hub EN

WHIH recognised at "The Future of Emerging Europe Summit & Awards" in Brussels

On June 23, Warsaw Health Innovation Hub initiative won the second award at the "Future of Emerging Europe Summit & Awards" gala in Brussels. The prizes were awarded for the best initiatives of 2021 in Central and Eastern Europe.

The Future of Emerging Europe Awards is an annual celebration of the region's achievements in sustainability, innovation and entrepreneurship. In this year's edition, the Warsaw Health Innovation Hub was among the best initiatives of the year in the category: Health and Social Care.

WHIH was awarded for contributing to the development of technological and legal solutions to improve patient health and increase the efficiency of the Polish health care system, whilst bringing together business, public and scientific entities.

The award was collected by Balazs Furjes, Managing Director, EIT Health InnoStars. EIT Health is one of the leading partners of Warsaw Health Innovation Hub.
